

6. Dissemination Plan

This report was designed to be a resource for and embraced by the public. Therefore multiple efforts will be made to disseminate these reports to a variety of audiences.

Websites

An interactive web-based version of each Community's report will be available at the Ozarks Health Commission website.

<http://www.ozarkshealthcommission.org>

PDFs of each report will also be available for corresponding Communities on partner healthcare systems' websites.

<http://www.coxhealth.com>

<http://www.freemanhealth.com>

<http://www.citizensmemorial.com>

Printed Copies

Printed copies will be available by request through hospital and public health partners or at ozarkshealthcommission.org.

Process to Share Information with the Broad Community

A news release will be sent out by key partners including hospitals and public health entities to encourage media coverage, with links to the report and key messages for the public.
